勇者再錄

勇者無職1~5能無職

Wearing heavy armour with ease, it's a reliable job that may serve as the party's shield as well.
Warrior
Experts at physical combat that utilises various types of weapons.

Be sure to take note of elemental affinities and the magical energy's cost.
Magician
Experts at ranged combat, demolishing their enemies with the mysterious magic they freely command.

Royal
An advanced job available only to the elites. Not outclassed by Warriors in melee combat while possessing the magic to heal their allies to boot. In any case, their weakness lies in the high costs expended.

OOOH, THIS MIGHT BE KINDDA COOL!
They have been said to have led many parties of legend and additionally, many end up as rulers or devil kings due to their excessive might.
Hero
A job of the highest grade, unattainable by all except those descended from royalty or such distinguished lineages. (It is not known if it is even a job.)
AND WHAT ABOUT THE HERO?

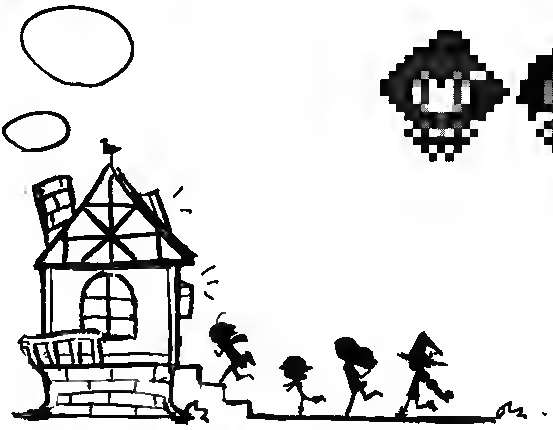
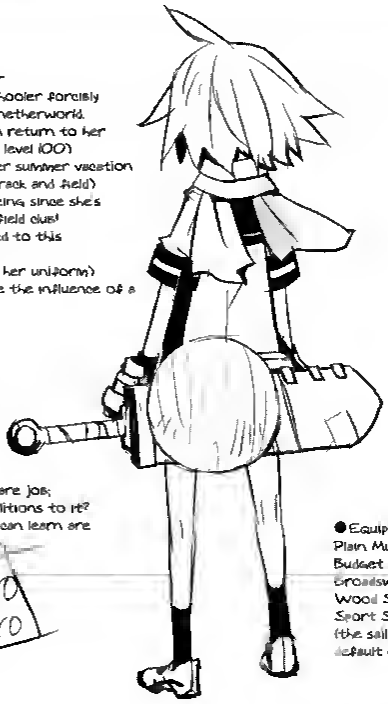
SEEMS LIKE SHE'S NOT THINKING MUCH. BUT ALWAYS SCHEMING.



And they went straight back home and slept

- The main character
- A female middle schooler forcibly summoned into the netherworld. (it seems like she can return to her world if she gets to level 100)
- Inside her bag is her summer vacation training camp set. (track and field)
- Totally fast at fleeing since she's from the track and field club!
- Still not quite used to this civilisation (the sailor uniform's her uniform)
- Does seem to have the influence of a hero, but...



- Hero seems to be a rare job; maybe there's some conditions to it?
- It seems the skills she can learn are somewhat different to

maybe hero Mahiro

- Equipment
  Plain Muffler
  Budget Gauntlets
  Broadsword
  Wood Shield
  Sport Shoes
  (the sailor uniform's the default equipment)

- A young witch.
- Likes black magic
- (tries to be) a tactician that appears to not think through her actions
- Believes the hero to be essential to her ambitions.

Mage charm

- Equipment
  Plain Robe
  Witch Hat
  Budget Wand

125

- Equipment
Iron Helmet
Warrior Armour
Iron Gauntlets
Iron Shoes
Iron Hatchet

- A boyish girl
- Parameters are everything in this world, so her appearance shows no hint to the power she holds.
- Likes meals, snacks too
- Can't calm down with her defence low. (has an introvert personality)

Warrior Maid

152

- A lady.
- Has quite the respectable personality.
- It's fine how this careless one got a superior job from the start with the bonus points by being a genius, but she's still far from levelling up
- Her goals are huge, world domination.
- Envies the rare Hero job.

- Equipment
Noblewoman Clothes
Enamel Shoes
Silver Bracers
Ruby Brooch
Blessed Bell
